

PUMP OUT STATIONS

Two sewage discharge pumps are available for recreational boats at the harbor. One located in the East basin and one in the West basin. They are free of charge and open 24 hours a day 7 days a week. Additionally, the Sound Keeper, a county owned vessel, docked in our harbor can also pump waste from your boat free of charge. It is located in the East basin and can be accessed by appointment only. Appointments can be arranged on their website soundkeeper.org. Sound Keeper monitors channel 77.
